45 **Jakes, Jamaica**

There are a few places in the Caribbean that induce a smile of wonder – they're so cool, so perfect in their setting and so... well... just right. Jakes is one of them. It has funky, faux-simple cottages in a lovely waterfront garden with a tree-shaded bar and pool, waterfront villas, a backdrop of waves and reggae, and an easy-easy air. Ideal for a hip hideaway. *JH*
