## JAMAICA

**Because:** The jerk chicken (and pork for that matter) is smokier, juicier and fiercer than you've dared to imagine. The best roadside purveyors allow the aroma to waft across your windscreen — swing on in. Sides-wise, you'll want rice and peas and 'festivals' (fried dumplings) to mop up your sauce. Sweet potato pud for afters, Red Stripe to wash it all down.

**How:** Tropical Sky ([tropicalsky.co.uk](http://tropicalsky.co.uk)) has a week at Jake's on Treasure Beach (which serves jerk lobster and perfect rum punch), from £1,149pp, room only, including Gatwick flights.
